#### CareCard

CareCard has the following exceptional benefits:

- A choice of two value added "Star" baskets of products
- A contribution to the NPO of your choice
- The opportunity to become a CCA (CareCard Advertiser) and earn extra income

In my opinion, the best part of this whole business is that **you do not have to sell!**

**You simply invite** people to view a business presentation where a trained presenter explains the business. When they join, they are placed in your **CareGroup** as you introduced them.

*How talented you are and how much you earn is impressive.*

*How much you help others and give away is **IMPORTANT.***

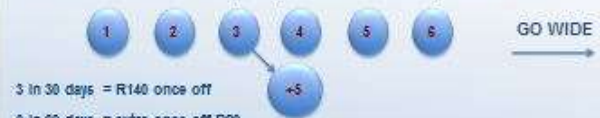

And look how this affordable R190 per month can make a difference in YOUR and CHARITY's life.

### YOUR FIRST TIER

The three people you introduce will be placed on your tier one, which earns you R12 per person.

#### The First Step

You need a minimum of 3 paid up basket owners on your first level

3 in 30 days = R140 once off

6 in 30 days = extra once off R80

To NPO's 7 x R30 = R210 (R2520 per year minimum)

To you, commission + bonus = R292 (minimum)

6 with 1 with 5 in 60 days = R200 once off

To you, commission = R192 plus bonus = R392 (minimum)

To NPO's 12 x R30 = R360 (R4320 per year minimum)

When your monthly income is greater than your basket cost - no more debit order - the cost of the basket will be deducted from your income

If you introduced 3 people, you have earned **R36**.  
If you introduced 6 people, you have earned **R72**.

Introduce 3 within the first 30 days, and earn a **QUICK START REWARD** of **R140 = R176**

**6 in 30 days** will earn you a **R170 bonus** making your total earnings **R242 for the month**.

By joining and **introducing 6 people, you are the reason R210 per month is going to charity!**

Would that make you feel good?

**That does far more good than your single R190 going to charity ☺**

### IT PAYS FOR ITSELF!

When you earn more than R190 in commission, the company deducts your next month's donation and pays you the profit. This means that your business becomes **self-funding!** We recommend you **introduce all the people you know** on your first tier.

### YOUR SECOND TIER

Your first tier people will do the same. If your 6 first tier people average 4 people each,  $6 \times 4 = 24$ . You will have 24 people placed on your second tier at R24 per person. Plus you are still earning from your first level.
